Experience

Freelance: Forward Deployed Engineer, Term Publication

August 2026 – December 2026

- Consultant, designer and developer of a mobile app for law-enforcement personnel.
 - Keyword search UI/UX over the traffic-law database.
 - Automated daily pipeline that ingests new traffic law updates.

Customer Service Representative, Fraser Valley Real Estate Board

August 2024 – October 2024

- Supported data entry and client communication workflows.
- Developed custom desktop macros to circumvent software-specific workflow restrictions, reducing processing time by ~5 minutes per document.

Research Assistant, Simon Fraser University

November 2022 – May 2024

- Supported academic research via digitization, organization, and analysis of historic economic data.
- 150+ pages of data digitized, analyzed and visualized.
- Data wrangling, EDA and visualization performed in R; OCR-scanning performed in Python.

Projects

BPE Tokenizer From Scratch

[Available on Website](#)

- A Byte-Pair Encoding Tokenizer coded from scratch with no AI assistance. Tokenization is the first step of any machine learning application involving natural language (e.g. LLMs).
- Packages: NumPy

Optimizing Gratuity

[Available on Website](#)

- When, and under which conditions do I get the best tips at my pizza delivery job? Modeling trends in customer tip behavior to infer when I should schedule myself to maximize my tips.
- Demonstrated a 106.16% increase in expected tips; demonstrated the effect of preset tip percentage options on expected tip. Inferential statistics performed with R.

Agent: Kitchen Assistant

[Available on Website](#)

- Simple kitchen assistant agent prototype made from scratch. A friendly agent that provides information about cookbook recipes; ability to scale recipes based on user intent.
- Tool calls: Search Recipes (RAG), Scale Recipe

Education

University of British Columbia (UBC)

September 2025 – June 2026 (expected)

- Master of Data Science, Computational Linguistics

Google Business Intelligence Certificate

May 2024 – June 2024

Simon Fraser University (SFU)

September 2018 – May 2023

- Bachelor of Arts (Honours with Distinction), Major in Philosophy, Minor in Social Data Analytics.
